

DAY 1		
8.00 -	Registration	
	Room 1 (Road Safety & Injury); Moderator - Prof. Dominic Konadu Yeboah	Room 2 (Trauma Systems & Emergency Care); Moderator - Dr. Adofo Koranteng / Prof. Robert Quansah
9.00 -9.12	From 3,000 Deaths to Zero: Predicting time to reach vision zero death in Ghana (J. Damsere-Derry)	Communication and Coordination During Mass Casualty Incidents: Experiences of Staff from a District-Level University Hospital in Ghana (A. Gyamfi)
9.12 -9.24	Too Fast, Too Slow, Too Deadly: The Hidden Crisis of Speed on Ghana's Roads (J. Damsere-Derry)	Exploring Patient Flow, Identification and Triage During Mass Casualty Incidents in a District-Level University Hospital in Ghana (A. Gyamfi)
9.24 -9.36	The Effect of Aerosols on Road Crashes in Southern Ghana (L. Oforu-Sekeyer)	A Rare Complication Revisited: Management of a Broken Dental Needle in a Pediatric Patient (N.T.A. Gyimah)
9.36 -9.48	The Impact of Cross-Border Mobility on Road Crashes in Ghana: Focus on Foreign-Registered Vehicle Involvement on Ghanaian Roads (J. Larley)	Capacity for Emergency Nursing in Public and Faith-Based District Hospitals in Ashanti Region Ghana (A. K. Karikari)
9.48 - 10.00	Helmet Utilization and its Related Barriers Among Motorcyclists in the Tamale Metropolitan Area, Northern Ghana (B.N. Adjei)	Strengthening Trauma Care Workforce Competency in Ghana: Evidence on Clinical Knowledge Gaps to Inform Education and Retention Strategies (J. Amisah)
10.00 - 12.00	Opening Ceremony – Keynote Speaker: Dr. George Kojo Owusu – Photography	
12.00 - 13.00	Lunch Break	
13.00 - 14.30	Panel Discussion 1 (No bed Syndrome - How do we solve a perennial problem); Moderator - Dr. George Oduro	
	Yaw Larbi (Deputy Medical Director & Consultant ObGyn)	Florence Aikins (Bed Manager, KATH)
	Dr. Daniel Osei-Kwame (EMSOG president)	Dr. Ernest Konadu Asiedu (MOH)
	Room 1 (Trauma care research); Moderator - Prof. Emmanuel Appiah Brempong	Room 2 (Occupational Health & Injury Surveillance); Moderator - Prof. Charles Mock
14.30 - 14.42	Effects of Trauma-Related Amputations in Children on Caregivers: An Exploratory Descriptive Study in a Developing Country (P. A. Barnie)	Noise Exposure Profile and Noise-Induced Hearing Loss Risks of Selected Road Construction Workers in Ghana (I. Yankson)
14.42 - 14.54	Prevalence and Predictors of Epilepsy Related Injuries Among Children in Komfo Anokye Teaching Hospital (S. Nsoy)	Hazard Perceptions and Self-Reported Non-Injury Occupational Ailments Among Road Construction Workers in Three Middle Zone Regions of Ghana (I. Yankson)
14.54 -15.06	Prevention of Seizure-Related Injuries: Exploring the Strategies Employed by People Living With Epilepsy and Their Caregivers in Rural Ghana (D. Korletey)	Sustainable Improvements in Injury Surveillance in Ghana (A. Koranteng)

15.06 -15.18	Awareness and Practices Among Mothers and Primary Caregivers of Children Under 5 on Child Drowning Prevention in Faana-Tsokome, Greater Accra Region of Ghana (B. Kusimi)	One Call, Two Outputs: Multilingual Voice-Based Injury Reporting and Surveillance in Ghana (Y. O. Adjei)
15.18 - 15.30	Paediatric injuries and deaths associated with galamsey in Ghana: a case series and proposal for an AI-enabled sentinel surveillance framework (E. Oppong)	
15.30 - 16.30	Networking & tea time	
DAY 2		
8.00 -	Registration	
	Room 1 (Trauma Systems & Emergency Care); Moderator - Prof. Veronica Dzomeku	Room 2 (Road safety & Injury); Moderator - Dr. Paul Okyere
9.00 -9.12	Too Far to Care: Spatial Barriers to Trauma Services in Ghana (A. Bart-Plange)	Factors Influencing Willingness to Intervene as Bystanders Among Adult Residents Living in Crash-Prone Areas in the Ashanti Region of Ghana (M. S. Duut)
9.12 -9.24	Assessing the Impact of Training Traditional Bonesetters in Northern Ghana: A Cross Sectional Study (T. Yempabe)	Pediatric Road Traffic-Related TBI in Sub-Saharan Africa: A Meta-Analysis of Severity, Unfavourable Outcomes, and Methodological Gaps (A. B. Appiah)
9.24 -9.36	Traditional Bonesetters in Northern Ghana: Opportunities for Engagement with the Formal Health Sector (T. Yempabe)	Application of Negative Binomial Regression to Model Pediatric Road Traffic Injury Severity within a Haddon Matrix Framework (A. B. Appiah)
9.36 -9.48	Factors Affecting Utilization of Traditional Bonesetters in the Northern Region of Ghana (T. Yempabe)	Distance to Diagnosis: Spatial Accessibility and Readiness of Imaging Services for Road Traffic Injuries in Ghana (A. Bart-Plange)
9:48 - 10:00		
10:00 - 10:30	Snack Break	
10.30 - 12.00	Panel discussion 2 (Road traffic injuries: Why do they continue to rise in Ghana); Moderator - Dr. Francis Afukaar	
	Alexander Ayata (NRSA)	Dr. Augustus Ababio-Donkor (KNUST Transport Engineering)
	Ing. Noble J. Appiah (Former CEO, NRSA & Metro Mass)	ACP Alexander K. Obeng (MTTD)
	DOIII Samuel Kusi Aboagye (GNFS Rep)	Miilon Sommik Duut (Ashanti Regional, NAS)
	Room 1 (Occupational Health & Safety); Moderator - Prof. Adam Gyedu	Room 2 (Road Safety & Injury); Moderator - Dr. Paa Kobinna Forson
12:00 - 12:12	Occupational Injuries Among Road Construction Workers in Ghana: Burden, Mechanism and Severity (I. Yankson)	From bad to road; Alcohol impaired mobility and road safety in Ghana (J. Damsere-Derry)
12:12 - 12:24	Road Construction Injury Predictors, Rate, Recording and Safety Management Practices in Ghana (I. Yankson)	Epidemiological Features and Outcomes of Auto-Tricycle Related Injuries in Kumasi (E. A. Achempim)

12:24 - 12:36	Assessing the Factors Influencing Self-Ear Cleaning Practices and Ear-Related Injuries Among Student Nurses (C. O. Agyemang Jnr)	Influence of Helmet Use on the Severity of Motorcycle-Related Maxillofacial Injuries Presenting to the 37 Military Hospital, Ghana (Y. A. Boateng)
12:36 - 12:48	Bullying Against Student Nurses During Clinical Placement (S. Bayor)	Patterns of Injury and Contributing Factors Among Street Hawkers in Kumasi: A Qualitative Study (E. A. Boateng-Osei)
12:48 - 13:00		A Decade of Vulnerability: Injury Severity Patterns, Determinants, and Fatality Risk Among Vulnerable Road Users in the Greater Kumasi Metropolitan Area, Ghana (2015–2024) (J. A. Forkuo)
13.00 - 14.00	Lunch Break	
	Room 1 (Miscellaneous - The way forward); Moderator - Prof. Charles Mock / Prof. Robert Quansah	
14.00 -14.12	Structure, Process, and Challenges in the Referral System for Trauma-Related Emergencies in the Ashanti Region of Ghana (K. Donkor)	
14.12 -14.24	Differences in Quality Indicators of Emergency Care Between On- and Off-Hours at Ghanaian District Hospitals (P. K. Forson)	
14.24 -14.36	Right Patient, Right Hospital, Right Time: Optimizing Emergency Routing for Road Traffic Injuries in Ghana (A. Bart-Plange)	
14.36 -14.48	Integrated Health System Preparedness for Road Traffic Trauma Care in Ghana: Evidence from a Multi-Region Cross-Sectional Assessment (J. Amissah)	
14.48 -15.00	Discussion abstracts	
15.00 - 16.00	Closing ceremony – Guest Lecture (Injury Surveillance): Prof. Williams Ackaah, BRRI	
Poster Presentations		
P1	Reporting on Road Traffic Injury: Content Analysis of Injuries and Prevention Opportunities in Ghanaian Newspapers (I. Yankson)	
P2	Temporality and Timing of Motorcycle Injuries, Characteristics and Patterns in Ghana (A. Koranteng)	
P3	Human Health Risks of Particulate Matter Pollution During Road Construction-Related Activities in Ghana (I. Yankson)	
P4	On-Site Personal Protective Equipment Signage and Use by Road Construction Workers in Ghana: A Comparative Study of Foreign and Locally-Owned Companies (I. Yankson)	
P5	Occupational Injuries Among Healthcare Workers at a Public Hospital in Ghana (H. S. Appiagyei)	
P6	Balancing Care and Pressure: Occupational Injuries, Mental Workload, and Coping among the Nursing Workforce in Eastern Ghana (C. A. Poku)	
P7	Screening for Violence: A Systematic Review of Tools for Early Detection and Intervention (A. K. Abebrese)	
P8	Prehospital and Emergency Nursing Response to Injuries in Ghana: A Scoping Review of Capacity, Gaps and Opportunities (H. Yawson)	
P9	Experiences of caregivers of patients with Alzheimer's and Related Dementia (ADRD) in Ghana: A qualitative exploratory study (P. Okyere)	
P10	The Domestic Danger Zone: Identifying Risk Factors for Unintentional Injuries Among Children Under Five in Damongo, Ghana (P. Anwuli)	

P11	Paediatric hospitalization: experiences of informal caregivers — a qualitative study at St. Patrick's Hospital Offinso, Ashanti Region, Ghana (A. Amosah)
P12	Examining the Survival Outcome of Unintentional Injuries in Ghana (J. S. Stevens)
P13	Epidemiological Study of Burns in Komfo Anokye Teaching Hospital, 2006-2009 (J. Ankomah)
